## EDUCATION

### Codetelligence Academy

Software Development (NQF 5)

Feb, 2024 - Mar, 2026

### UVU Africa- Capaciti

AI Bootcamp, Cybersecurity & Full Stack Developer

April, 2025 - Mar, 2026

## SKILLS

- Data Analysis & Visualization
- UI/UX Fundamentals
- Problem Solving & Critical Thinking
- Git, GitHub( Version Control)
- AI Integration (OpenAI, Google Gemini, Firebase AI)
- React.js, Next.js (Flexible programmer)
- Microsoft Excel, Word & PowerPoint
- Communication & Collaboration
- UI/UX & Responsive Design
- SQL (basic queries & data handling)
- RESTful APIs
- Creativity & Innovation
- JavaScript, TypeScript, Python
- Firebase, Firestore, Google Cloud
- Prompt Engineering
- Attention to Detail
- Adaptability & Time Management

## LANGUAGE

English

## ABOUT ME

Forward-thinking Graduate Software Developer with hands-on experience building scalable web applications using React, Next.js, Firebase, and modern JavaScript frameworks. Strong interest in financial technology, AI integration, and data-driven systems. Brings analytical thinking, discipline, and problem-solving skills developed through software projects and Forex trading experience. Seeking to grow within a structured, fast-paced development environment while contributing to real-world, production-level solutions.

## EXPERIENCE

Full Stack Developer

### UVU Africa - Capaciti, Cape Town

Oct 2025 – Mar 2026

- Contributed to the design, development, and testing of full-stack web applications in a structured development environment.
- Built responsive and scalable solutions using React, Next.js, Firebase, and modern JavaScript practices.
- Integrated APIs and cloud services to support data-driven functionality.
- Applied debugging, testing, and version control best practices to ensure code quality and maintainability.
- Collaborated with peers and mentors to translate requirements into functional solutions and improve system performance.
- Gained exposure to real-world development workflows, including requirement interpretation, iterative improvement, and solution delivery.

Crew Member

### Pepkor Logistics, Zevenwacht

Mar 2023 - Dec 2023

- Supported daily warehouse and logistics operations, including packing, sorting, and inventory control.
- Maintained accuracy and efficiency in a fast-paced environment while meeting operational targets.
- Worked collaboratively within a team to improve workflow efficiency and ensure timely order fulfillment.
- Demonstrated reliability, discipline, and strong work ethic under pressure.
